**Subject**: FW: SM content for 07/20 - 07/24

Thanks Donette! I added this image: <a href="https://www.epa.gov/sites/production/files/2019-11/food\_recovery\_hierarchy\_eng\_high\_res\_v2.jpg">https://www.epa.gov/sites/production/files/2019-11/food\_recovery\_hierarchy\_eng\_high\_res\_v2.jpg</a> on food waste.

For the superfund post, I just realized the link is pointing to superfund redevelopment. I found another link where you can search for sites in your community.

Can you send me a clean email to fwd to Pete?

From: Samuel, Donette <Samuel.Donette@epa.gov>

Lake
Appreciation
Month: State
of the Great
Lakes
Report
•

Friday -July 24, 2020

**Twitter:** July is #LakeAppreciationMonth, and all day we are highlighting lakes and relate resources in Region 2. The Great Lakes are so great, they inspired the Great Lakes Water Q Agreement, a commitment between the Governments of Canada and the United States to prwater's quality and aquatic ecosystem.

### THREAD:

The "State of the Great Lakes Report" highlights the effectiveness of environmental pand policies to protect the lakes. While the trends are "fair" and "unchanging," there is to do to protect the fresh surface water supply. Learn more at <a href="https://binational.net/wjcontent/uploads/2020/05/May-4.2020-2019-SOGL-FINAL.pdf">https://binational.net/wjcontent/uploads/2020/05/May-4.2020-2019-SOGL-FINAL.pdf</a>

**Facebook:** July is #LakeAppreciationMonth, and all-day, we are highlighting lakes across. The Great Lakes contains one-fifth of the world's fresh surface water supply and is the print of drinking water for tens of millions of Canadians and Americans. The lakes are so great, inspired the Great Lakes Water Quality Agreement, a commitment between Canada and the States to restore the water's quality and aquatic ecosystem. The latest "State of the Great Lakes Report" found that trends are "fair" and "unchanging," but there is still work to do to protect surface water supply. Learn more about how the Canadian and American Governments are cooperatively working to protect the Great Lakes here:

# Cleaning up Our Nation's Land Superfund Overview

Thursday -July 23, 2020

## Twitter THREAD:

- In celebration of #EPAat50 and our progress with cleaning up the nation's land, we're highlig Superfund program, [delete this, the law is CERCLA formally known as CERCLA]. The Superfunction program is responsible for cleaning the nation's most contaminated land and responding to environmental emergencies.
- 2. Superfund's goals are to: 1. protect human health and the environment by cleaning up contisites; 2. make responsible parties pay for cleanup work; 3. involve communities in the Super process; and 4. return Superfund sites to productive use.
- 3. In Region 2, there are X superfund sites on the National Priorities List (NPL), Y partially delete NPL, and Z fully deleted from the NPL. Learn more about the list of Superfund sites in the re <a href="https://www.epa.gov/superfund-redevelopment-initiative/region-2-superfund-sites-reuse">https://www.epa.gov/superfund-redevelopment-initiative/region-2-superfund-sites-reuse</a> [get the numbers for Y and Z, you can just post X]

**Facebook:** In celebration of #EPAat50 and our progress with cleaning up the nation's land, highlighting the Superfund program. The Superfund program is responsible for cleaning the most contaminated land and responding to environmental emergencies. Superfund's goals a protect human health and the environment by cleaning up contaminated sites; 2. make responsible parties pay for cleanup work; 3. involve communities in the Superfund process; and 4. return Superfund sites to productive use. In Region 2, there are X superfund sites on the National List (NPL), Y partially deleted from the NPL, and Z fully deleted from the NPL. Learn most the list of Superfund sites in Region 2 here: <a href="https://www.epa.gov/superfund-redevelopment initiative/region-2-superfund-sites-reuse">https://www.epa.gov/superfund-redevelopment initiative/region-2-superfund-sites-reuse</a>

Lake
Appreciation
Month: State
of the Great
Lakes
Report

Friday -July 24, 2020 **Twitter:** July is #LakeAppreciationMonth, and all day we are highlighting lakes and relate resources in Region 2. The Great Lakes are so great, they inspired the Great Lakes Water Q Agreement, a commitment between the Governments of Canada and the United States to prevater's quality and aquatic ecosystem.

### THREAD:

The "State of the Great Lakes Report" highlights the effectiveness of environmental p and policies to protect the lakes. While the trends are "fair" and "unchanging," there i to do to protect the fresh surface water supply. Learn more at <a href="https://binational.net/wjcontent/uploads/2020/05/May-4.2020-2019-SOGL-FINAL.pdf">https://binational.net/wjcontent/uploads/2020/05/May-4.2020-2019-SOGL-FINAL.pdf</a>

**Facebook:** July is #LakeAppreciationMonth, and all-day, we are highlighting lakes across. The Great Lakes contains one-fifth of the world's fresh surface water supply and is the print of drinking water for tens of millions of Canadians and Americans. The lakes are so great, inspired the Great Lakes Water Quality Agreement, a commitment between Canada and the States to restore the water's quality and aquatic ecosystem. The latest "State of the Great Lakes Report" found that trends are "fair" and "unchanging," but there is still work to do to protect surface water supply. Learn more about how the Canadian and American Governments are cooperatively working to protect the Great Lakes here:
